After 20 years spinning records around the world, he is one of the hottest producers (recently releasing some new tracks on the Worldwide label PACHA Recordings) and DJs of the current electronic scene alongside his label Touch it Records, a global record label specializing in Electro & House and Lounge music. The label has released a string of dancefloor hits reaching the top charts on Djdownload & Beatport.

His latest track "Calling Ibiza" & killer remixes for Goldfish latest Platinum Album "Perception of PACHA" (just released on Pacha Recording) & Jorge Jaramillo (Who Da Funk/Lektro Chic) are ravaging the dancefloors getting support worldwide!

Tony's legendary flair behind the decks has landed him residencies and top gigs in London (WAD, MOS), Paris (Paris Fashion Week, Bains Douche, Buddha Bar, VIP Room), Moscow (Buddha Bar), Lisbon (FL cafe, SAL Lounge Bar) & Cape Town (Daddy Cool, Vista Bar @ One & Only, BBC, FTV) alongside international house legends Stephane Pompougnac (Hotel Costes), Bob Sinclar, Daft Punk, David Guetta, Superfunk, Ron Carroll, Junior Sanchez, Boy George, Deep Dish; local SA artists & Djs such as Gold Fish, Coda, Roger Goode, Dino Moran & Craig De Sousa.

**BPM MAG Review**

French/Italian DJ Tony Finger has made Cape Town his home for now. Mixing with the likes of Dino Moran, Craig De Sousa and several other established DJs, he quickly set about the business of producing music and setting up his label, Touch It records. Playing alongside the likes of Goldfish, Coda, Roger Goode et al he is a regular feature at Cape Town's FTV and M-Bar. There is a consummate sense of professionalism about this double CD package, his first album release on his newly established label. Disc one shows of his very competent productions skills on no less than 14 self-produced tracks. Disc two is DJ mix. It's all a funky, electro infused vocal house affair, quite poppy and although the title suggests No Pop music, it does come close here and there...

Tony is a master behind the decks and has played with some of the top DJs in the world, including guest appearances in London, Paris, Moscow and Lisbon. I really like what Tony has done with the album : the first CD is a compilation of tracks written and produced by himself, while the second CD is a mixed compilation with some of the latest and hottest house tracks. So you are getting an album and a mixed CD all in one! This is a unique concept and I'd actually like to see more DJs use it.

**DJ MAG**

"There is no space for pop music" the synthesized vocal tells us here. There is it seems, however, space for yet another slice of "yeah yeah" alike, electro house by numbers. That rather sniffily said, this has got bags of energy and the kids will probably love it! So there you go!"
